House Selection

Domaine de L'Herbe Sainte.

Beautiful Domaine situated in the heart of the Languedoc-Roussillon in France, originally from Burgundy, Famille Greuzard are reaching a high environmental value certification on their philosophy about wine making. One of their technics is to plant 'Shamrocks' as a melliferous plants; what enrich the soil, prevents erosion, invasion of weeds & appealing to pollinators. When quality meets with environment & shamrocks; how could we not be in love. Their name means 'Domain of the Holy Grass'.
